WORK EXPERIENCE

Full responsive web app marketplace on Bubble.io | January 2018 - Present

Link: <https://jumwork.com>

I designed the whole brand and user interface from scratch on Bubble. Integration with Stripe API and others. Work with different plugins, like Sendgrid. I upgraded old pages to the new responsive engine.

Web Developer in Datamatic Software | June 2022 - July 2022

LinkedIn: <https://www.linkedin.com/company/datamaticsoftware/>

I worked on the frontend of an employee registration and management page for a United States company. Adding new features and connecting Air Table API.

Personal Portfolio | January 2023 - Present

Link: <https://github.com/JorgeSarricolea/Portfolio-2.0>

I am developing the second version of my portfolio, with an improvement in UI and UX, adding more projects that I have developed with JavaScript, HTML and CSS.

Co-Leader at En-Coders Programming Club | February 2023 - Present

AAAI Student Chapter México

I teach programming algorithms in Java and Python, how to use Git and GitHub and operating systems to students on my university. (Non-profit).
