WORK EXPERIENCE

Co-Leader at En-Coders Programming Club | February 2023 - Present

[AAAI Student Chapter México](#)

I teach programming algorithms in Java and Python, how to use Git and GitHub and operating systems to students on my university. (Non-profit).

Personal Portfolio | January 2023 - Present

GitHub: [Portfolio-2.0](#)

I am developing the second version of my portfolio, with an improvement in UI and UX, adding more projects that I have developed with JavaScript, HTML and CSS. [Go to my GitHub to check out all my projects.](#)

Web Developer in Datamatic Software | June 2022 - July 2022

LinkedIn: [Datamatic Software](#)

I worked on the Front-End of an employee registration and management page for a United States company. Adding new features and connecting Air Table API.

Full responsive web app marketplace on Bubble.io | January 2018 - Present

jumwork.com

I designed the whole brand and user interface from scratch on Bubble. Integration with Stripe API and others in Back-End process. Work with different plugins, like Sendgrid. I upgraded old pages to the new responsive engine.
